

MISSION POINT  
MACKINAC ISLAND

## welcome TO MISSION POINT

Welcome to Mission Point Resort. We are glad you are here.

Arriving on the shores of Mackinac is often referred to as “stepping back in time”. The bustle of modernity is left behind and life keeps time with the patterns of the days and seasons. It’s important to remember that when things don’t feel familiar or expected, or when time moves more slowly, that this is a part of the way of life that makes Mackinac special and unique. Our rich history, our beautiful historic buildings, our horse & bike culture and our island way of life largely unchanged through the centuries, combine to make a visit here an experience like no other.

Savor the clean air and clear fresh waters. Gaze up at the dark night sky and the bright night stars. Watch with awe the sunrises over Lake Huron. Delight at the sounds of the lapping waves, the clip-clop of the horses, and the ringing of the buoy bell. This place is magical, this place is special, this place is pure Michigan.

Again, welcome.
